- Database - MySQL, SQLite
- Version Control - Git, Github
- Design Tools - Canva, Figma, Lightroom, Photoshop

EXPERIENCES

DMS - UI/UX DESIGNER (JULY 2025 - PRESENT)

Currently working at Kreativ Kat as a UI/UX Designer

- Apply design thinking methodologies to improve workflows and enhance overall product experience.
- Create wireframes, prototypes, and high-fidelity UI designs using Figma, aligning with brand identity and user needs.
- Collaborate with cross-functional teams to design user-centered digital experiences, focusing on usability, visual consistency, and accessibility.

FULL STACK DEVELOPER (2023 - PRESENT)

- Developed a modern library information management system as a school project, including designing the user interface in Figma.
- Designed and built a cross-platform period tracking app, improving cycle prediction accuracy and user experience through clean UI and intuitive features.
- Built an offline expense tracking app in Flutter/Dart with categorized logging, and local database storage; free and ad-free to prioritize user privacy.

ASSOCIATE EDITOR

The Southern Scholar - The Official Student Publication of the University of Southern Philippines Foundation (2025 - Present)

- Attended seminars and trainings
- Managed the publication in the absence of Editor-in-Chief

MULTIMEDIA EDITOR

The Southern Scholar - The Official Student Publication of the University of Southern Philippines Foundation (2024 - 2025)

- Managed the publication's social media presence, increasing engagement through creative multimedia content.
- Collaborated with colleagues to enhance articles with multimedia elements.
- Documented school events through photography and videography for publication and archiving.

PHOTO EDITOR

The Southern Scholar - The Official Student Publication of the University of Southern Philippines Foundation (2023 - 2024)

- Led photo coverage of campus events, ensuring timely and high-quality visual documentation for publication.
- Captured and edited photographs for news, features, and magazine layouts, maintaining visual consistency across issues.
- Managed digital photo archives to support future publications and historical recordkeeping.
